

# Professional Development Certificate: Master’s Certificate in Project Management

EXECUTIVE EDUCATION

Designed for both new and experienced project managers, Wisconsin School of Business Executive Education’s *Professional Development Certificate: Master of Project Management* delivers active, applied training that you can immediately transfer to your projects. You’ll focus on the nine areas defined by the Project Management Institute (PMI®) Body of Knowledge (PMBOK™). Our content is not only based on a technical body of knowledge, but also incorporates in-depth learning in communication, influence, and negotiation, crucial to the success of any project and, therefore, project manager. This unique emphasis on relationship management is the true key to project management success.

### Core Courses (take in this order)\*

- Project Management: Planning, Scheduling, and Control
- Project Leadership Communication
- Managing Project Risks
- Defining and Managing Business Requirements OR Negotiating and Contracting Fundamentals
- Persuasion and Influence Skills for the Project Manager
- Project Management Capstone

### Elective (recommended courses)\*

- Applying MS Project to Plan, Schedule and Control Your Projects
- Business Management Skills for Project Managers Project Portfolio Management

\* Certain courses may be substituted for others within this certificate series. Explore your options by contacting the program coordinator.
